2 drawer.

3 drawer.

4 drawer.

Introduction

When storing high volumes of suspension filing, you need cabinets that are built tough – but are also designed to reduce workplace risk. Elite Built Lateral Filing Cabinets are fitted with ATSS – our special Anti-Tilt Safety System, so you know your staff are safe.

More than just tough and durable – these rigid chassis cabinets are designed to seamlessly integrate with any office fit out.

Features

- Heavy duty telescopic ball bearing runner system allow drawers to fully extend outside the cabinet body, providing easy access to files at the back.
- Smooth and positive locking system.
- Secure locking system provides peace-of-mind that items stored will be kept safe.
- Full height box drawers provide utmost protection and maximise the space available for file storage.
- Safe anti-tilt locking mechanism ensures that only one drawer is accessible at any one time.
- Durable oven baked powder- coat finish with corrosion resistant metal treatment.
- Uniformly distributed load capacity of 60kg per drawer.
- 5 year warranty.
